

Missouri Department of Transportation

Code: R04507

Title: Intermediate Emergency Management Specialist

Exemption Status: Non-Exempt

Grade: 8

Job Description

Effective Date 07-01-2022

Replaces (Effective Date) 11-15-2019

General Summary The intermediate emergency management specialist provides varied and moderately complex implementation of the department's emergency management programs and assists with the emergency communications and radio systems, as well as duties assigned supporting disaster recovery. Duties are performed under moderate supervision.

Minimum/Required Qualifications Bachelor's Degree: Emergency Management, Fire Science, Law Enforcement, Safety Management, or related field
Two years of experience in emergency management, fire science, law enforcement, or related field
National Incident Management System 100, 200, 300, 400, 700, 800 level training must be obtained within six months of start date.

Supervisory Responsibilities None

Location Central Office - Safety & Emergency Management

Special Working Conditions/Job Characteristics Job requires occasional, statewide, overnight travel.
Job requires exposure to physical hazards, health and safety risks, and/or adverse or otherwise undesirable characteristics in the environment.
Job may require operation of vehicles to plow snow and spread ice control materials.

Examples of Work

- (1) Implements activities related to the department's emergency preparedness, prevention, mitigation, response, and recovery planning.
- (2) Assists with Central Office Emergency Operations Center (MoDOT EOC) including standard operating procedures, training, and coordination among incident management personnel.
- (3) Monitors transportation and infrastructure emergency management issues, including security, medical, and weather-related issues.
- (4) Ensures communications systems, equipment, and processes are maintained.
- (5) Assists with monthly emergency communications testing, including radio systems and satellite

communications; corrects issues identified during testing and development of monthly summaries and maintenance of standard operating procedures.

- (6) Supports use of specialized emergency communications equipment, including communications trailers, deployable systems, and MoDOT EOC communications systems.
- (7) Develops, maintains, and delivers communications training; assists in development of department communications standard operating procedures.
- (8) Develops collaborative working relationships with federal, state, and local emergency management officials, response agencies, non-profit organizations, and private partners.
- (9) Conducts training sessions related to emergency management and traffic incident management programs.
- (10) Coordinates resource and equipment typing and needs for internal and external emergency response activities.
- (11) Participates in disaster exercises to ensure the department is prepared for emergency incidents.
- (12) Performs post-disaster damage assessments to determine eligibility for Federal Highway Administration (FHWA) emergency relief and Federal Emergency Management Agency (FEMA) public assistance funding.
- (13) Supports FEMA and FHWA relief funding projects and reimbursements relating to past declared disasters.
- (14) Assists with staffing the Emergency Support Function for Transportation (ESF-1) at the State Emergency Management Agency during State Emergency Operations Center activations; supports activities and needs related to the Recovery Support Function for infrastructure during the recovery phase of disasters.
- (15) Performs other responsibilities as required or assigned.

The Missouri Department of Transportation promotes an equal opportunity workplace that includes reasonable accommodation of otherwise disabled applicants and employees. Please see your manager should you have any questions about this policy or these job duties.
